

DISCOVERING THE BEST SMART HOME GADGETS

Smart Home Solver creates in-depth video and article reviews comparing the best gadgets. The team helps both techies and those who are unfamiliar with smart homes understand which devices work together.

ABOUT THE TEAM

We're proud to be a family business that started in 2015. Combining Reed's experience in software development and Alysa's in marketing, we started a website covering smart home tech. Our audience expanded to YouTube, where we now have millions of views and thousands of subscribers. A few highlights over the years:

- Collaborating with major smart home brands
- Attending CES 2017 and 2018 as media
- Quoted by several news outlets
